NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Scotts Miracle-Gro Company ("Scotts Miracle-Gro") and its subsidiaries (collectively, with Scotts Miracle-Gro, the "Company") are engaged in the manufacturing, marketing and sale of products for lawn and garden care and indoor and hydroponic gardening. The Company's products are sold in North America, Europe and Asia. The Company's North America consumer lawn and garden business is highly seasonal, with more than 75% of its annual net sales occurring in the second and third fiscal quarters.

Organization and Basis of Presentation

The Company's unaudited condensed consolidated financial statements for the three and nine months ended June 28, 2025 and June 29, 2024 are presented in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The condensed consolidated financial statements include the accounts of Scotts Miracle-Gro and its consolidated subsidiaries. All intercompany transactions and accounts have been eliminated in consolidation. The Company consolidates all majority-owned subsidiaries and variable interest entities where the Company has been determined to be the primary beneficiary. The results of businesses acquired or disposed of are included in the condensed consolidated financial statements from the date of each acquisition or up to the date of disposal, respectively. In the opinion of management, interim results reflect all normal and recurring adjustments and are not necessarily indicative of results for a full year.

On March 14, 2025, the Company sold all of the issued and outstanding shares of capital stock of its formerly wholly-owned subsidiary The Hawthorne Collective, Inc. ("THC") to Bad Dog Holdings LLC ("BDH") in exchange for a promissory note with a principal amount of $39.0. BDH is a newly formed legal entity owned and controlled by a strategic partner of the Company that is intended to hold and manage the investments held by THC. THC was created during fiscal 2021 as a vehicle to invest in areas of the cannabis industry that are not pursued by the Company's Hawthorne segment. At the time of the sale, THC held non-voting exchangeable shares of Fluent Corp. (formerly Cansortium Inc.) ("Fluent") (CSE: FNT.U) (OTCQB: CNTMF), a vertically-integrated, multi-state cannabis company, and other minority non-equity investments with a total book value of $39.0. BDH granted the Company a call option that enables the Company to reacquire all of the issued and outstanding shares of capital stock of THC in exchange for canceling the principal amount of the promissory note and making an additional payment to BDH equal to 5% of any appreciation in the fair value of THC. The Company may exercise the call option in its sole and absolute discretion, until the earlier of (i) March 14, 2035 and (ii) the date of the consummation of a merger, change in control or consolidation of BDH or a sale, lease, transfer, exclusive license or other disposition of all or substantially all of the assets of BDH. The Company also granted BDH a put option providing BDH with the right to cause the Company to reacquire all the issued and outstanding shares of capital stock of THC in exchange for canceling the principal amount of the promissory note. The Company has determined that it has a variable interest in BDH and that BDH is a variable interest entity. Additionally, based on its assessment of the characteristics of its variable interest in BDH, including the involvement of its de facto agents, the Company has determined it is the primary beneficiary of BDH and, as a result, is required to consolidate BDH in its condensed consolidated financial statements. As of June 28, 2025, BDH had assets of $8.8 and $27.5 recorded in the "Investment in unconsolidated affiliates" and "Other assets" lines in the Condensed Consolidated Balance Sheets, respectively, and total liabilities of $39.0 associated with the promissory note due to the Company, which is eliminated in consolidation.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been omitted or condensed pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Accordingly, this Quarterly Report on Form 10-Q for the fiscal quarter ended June 28, 2025 (this "Form 10-Q") should be read in conjunction with Scotts Miracle-Gro's Annual Report on Form 10-K for the fiscal year ended September 30, 2024 (the "2024 Annual Report"), which includes a complete set of footnote disclosures, including the Company's significant accounting policies.

The Company's Condensed Consolidated Balance Sheet at September 30, 2024 has been derived from the Company's audited Consolidated Balance Sheet at that date, but does not include all of the information and footnotes required by GAAP for complete financial statements.

Accounts Receivable

On October 27, 2023, the Company entered into the Master Receivables Purchase Agreement, under which the Company could sell up to $600.0 of available and eligible outstanding customer accounts receivable generated by sales to four specified customers. On September 1, 2024, the Company amended the Master Receivables Purchase Agreement to permit the Company to sell up to $750.0 of available and eligible outstanding customer accounts receivable generated by sales to five specified customers. The agreement is uncommitted and expires on September 1, 2025. The receivable sales are non-recourse to the Company, other than with respect to (i) repurchase obligations and indemnification obligations for any violations by the Company of its respective representations or obligations as seller or servicer and (ii) certain repurchase and payment obligations arising from any dilution of, or dispute with respect to, any purchased receivables that arise after the sale of such purchased receivables to the purchaser not contemplated in the applicable purchase price of such purchased receivable. The recourse obligations of the Company that may arise from time to time are supported by standby letters of credit of $75.0. Transactions under the Master Receivables Purchase Agreement are accounted for as sales of accounts receivable, and the receivables sold are removed from the Condensed Consolidated Balance Sheets at the time of the sales transaction. Proceeds received from the sales of accounts receivable are classified as operating cash flows and collections of previously sold accounts receivable not yet submitted to the buyer are classified as financing cash flows in the Condensed Consolidated Statements of Cash Flows. The Company records the discount on sales in the “Other expense, net” line in the Condensed Consolidated Statements of Operations. At June 28, 2025, June 29, 2024 and September 30, 2024, net receivables derecognized were $418.8, $477.3 and $186.6, respectively. During the three months ended June 28, 2025 and June 29, 2024, proceeds from the sale of receivables under the Master Receivables Purchase Agreement totaled $686.7 and $724.5, respectively, and the total discount recorded on sales was $7.3 and $8.7, respectively. During the nine months ended June 28, 2025 and June 29, 2024, proceeds from the sale of receivables under the Master Receivables Purchase Agreement totaled $1,708.9 and $1,680.0, respectively, and the total discount recorded on sales was $18.5 and $21.6, respectively.

Supplier Finance Program

The Company has an agreement to provide a supplier finance program which facilitates participating suppliers’ ability to finance payment obligations of the Company with a designated third-party financial institution. Participating suppliers may, at their sole discretion, elect to finance payment obligations of the Company prior to their scheduled due dates at a discounted price to the participating financial institution. The Company’s obligations to its suppliers, including amounts due and scheduled payment dates, are not impacted by suppliers’ decisions to finance amounts under this arrangement. The payment terms that the Company negotiates with its suppliers are consistent, regardless of whether a supplier participates in the program. The Company’s current payment terms with a majority of its suppliers generally range from 30 to 60 days, which the Company deems to be commercially reasonable. The Company’s outstanding payment obligations under its supplier finance program were $19.2, $22.8 and $12.5 at June 28, 2025, June 29, 2024 and September 30, 2024, respectively, and are recorded within accounts payable in the Condensed Consolidated Balance Sheets. The associated payments were $212.0 and $218.6 for the nine months ended June 28, 2025 and June 29, 2024, respectively, and are classified as operating activities in the Condensed Consolidated Statements of Cash Flows.

Long-Lived Assets

The Company had non-cash investing activities of $8.4 and $4.5 during the nine months ended June 28, 2025 and June 29, 2024, respectively, representing unpaid liabilities to acquire property, plant and equipment.

Recently Issued Accounting Pronouncements

In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2023-07, "Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures." This ASU requires enhanced disclosures about significant segment expenses regularly provided to the chief operating decision maker that are included within each reported measure of segment profit or loss, and also requires all annual disclosures currently required by Topic 280 to be included in interim periods. ASU No. 2023-07 is to be applied retrospectively for all periods presented in the financial statements and is effective for the Company's fiscal year beginning October 1, 2024, and for interim periods within the Company's fiscal year beginning October 1, 2025, with early adoption permitted. The Company is currently evaluating the impact that the adoption of this guidance will have on the Company's disclosures.

In December 2023, the FASB issued ASU No. 2023-09, "Income Taxes (Topic 740): Improvements to Income Tax Disclosures." This ASU primarily requires enhanced disclosures and disaggregation of income tax information by jurisdiction in the annual income tax reconciliation and quantitative and qualitative disclosures regarding income taxes paid. ASU No. 2024-03 is to be applied prospectively, with the option to apply the standard retrospectively, effective for fiscal years beginning after December 15, 2026, and interim periods within fiscal years beginning after December 15, 2027. The Company is currently evaluating the impact that the adoption of this guidance will have on the Company's disclosures.

NOTE 2. INVESTMENT IN UNCONSOLIDATED AFFILIATES

Bonnie Plants

The Company holds a 50% equity interest in Bonnie Plants, LLC, a joint venture with Alabama Farmers Cooperative, Inc. ("AFC") focused on planting, growing, developing, distributing, marketing and selling live plants. During the three months ended December 31, 2022, the Company and AFC amended the joint venture agreement to allow AFC to make an additional equity contribution to Bonnie Plants, LLC, and, as a result of this contribution by AFC, the Company's equity interest in Bonnie Plants, LLC was reduced to 45%. On November 7, 2023, the Company purchased an additional 5% equity interest in Bonnie Plants, LLC from AFC for $21.4, which restored its total equity interest back to 50%. The Company's interest is accounted for using the equity method of accounting, with the Company's proportionate share of Bonnie Plants, LLC earnings reflected in the Condensed Consolidated Statements of Operations.

During the three and nine months ended June 28, 2025, the Company recorded equity in (income) loss of unconsolidated affiliates associated with Bonnie Plants, LLC of $(27.2) and $(11.4), respectively, compared to $(23.0) and $6.5 during the three and nine months ended June 29, 2024, respectively. The Company recorded a pre-tax impairment charge of $0.0 and $10.4 during the three and nine months ended June 29, 2024, respectively, associated with its investment in Bonnie Plants, LLC in the "Equity in (income) loss of unconsolidated affiliates" line in the Condensed Consolidated Statements of Operations.

Fluent

On December 19, 2024, Fluent acquired all of the issued and outstanding common shares of RIV Capital Inc. ("RIV Capital") in exchange for Fluent shares (the "Transaction"). In connection with the Transaction, Fluent and THC entered into an exchange and protection agreement on December 18, 2024, pursuant to which THC exchanged its existing convertible debt investment in RIV Capital for 153.1 million non-voting exchangeable shares of Fluent. On July 18, 2025, THC, which was acquired by BDH in March 2025, converted its non-voting exchangeable shares into 153.1 million common shares of Fluent, which represents approximately 25% of Fluent's total outstanding common shares. THC and Fluent are also parties to an investor rights agreement which allows THC to nominate up to two members to the Fluent board of directors, and provides THC with certain participation rights in order to maintain its pro rata investment position in Fluent in connection with any offering of Fluent shares.

THC's convertible debt investment in RIV Capital, which was previously recorded in the "Other assets" line in the Condensed Consolidated Balance Sheets, had a carrying value of $17.7 on December 18, 2024. The exchange of the RIV Capital convertible debt investment for non-voting exchangeable shares of Fluent, a non-cash investing and financing activity, resulted in a loss of $7.0 that was recorded in the "Impairment, restructuring and other" line in the Condensed Consolidated Statements of Operations during the three months ended December 28, 2024.

THC's interest in Fluent had an initial fair value of $10.7 and is recorded in the "Investment in unconsolidated affiliates" line in the Condensed Consolidated Balance Sheets. The estimated fair value of the non-voting exchangeable shares of Fluent was determined based upon the quoted market price of Fluent common shares as of the date of the exchange and represents a Level 2 nonrecurring fair value measurement. This investment is accounted for using the equity method of accounting, with THC's proportionate share of Fluent earnings subsequent to December 18, 2024 reflected in the Condensed Consolidated Statements of Operations on a one quarter lag. During the three and nine months ended June 28, 2025, the Company recorded equity in (income) loss of unconsolidated affiliates associated with Fluent of $1.9.

Refer to "NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES" for further details related to the Company's sale of THC to BDH on March 14, 2025. BDH is a variable interest entity that is consolidated by the Company.

NOTE 5. MARKETING AGREEMENT

The Scotts Company LLC (“Scotts LLC”) is the exclusive agent of Monsanto Company, a subsidiary of Bayer AG (“Monsanto”), for the marketing and distribution of certain of Monsanto’s consumer Roundup® branded products in the United States and certain other specified countries. The annual commission payable under the Third Amended and Restated Exclusive Agency and Marketing Agreement (the “Third Restated Agreement”) is equal to 50% of the actual earnings before interest and income taxes of Monsanto’s consumer Roundup® business for each program year in the markets covered by the Third Restated Agreement (“Program EBIT”). The Third Restated Agreement also requires the Company to make annual payments of $18.0 to Monsanto as a contribution against the overall expenses of its consumer Roundup® business, subject to reduction pursuant to the Third Restated Agreement for any program year in which the Program EBIT does not equal or exceed $36.0.

Unless Monsanto terminates the Third Restated Agreement due to an event of default by the Company, termination rights under the Third Restated Agreement include the following:

- The Company may terminate the Third Restated Agreement upon the insolvency or bankruptcy of Monsanto;
- Monsanto may terminate the Third Restated Agreement in the event that Monsanto decides to decommission the permits, licenses and registrations needed for, and the trademarks, trade names, packages, copyrights and designs used in, the sale of the Roundup® products in the lawn and garden market (a “Brand Decommissioning Termination”); and

- Each party may terminate the Third Restated Agreement if Program EBIT falls below $50.0 and, in such case, no termination fee would be payable to either party.

The termination fee structure requires Monsanto to pay a termination fee to the Company in an amount equal to (i) $375.0 upon a Brand Decommissioning Termination, and (ii) the greater of $175.0 or four times an amount equal to the average of the Program EBIT for the three program years before the year of termination, minus $186.4, if Monsanto or its successor terminates the Third Restated Agreement as a result of a Roundup Sale or Change of Control of Monsanto (each, as defined in the Third Restated Agreement).

Credit Facilities

On April 8, 2022, the Company entered into a sixth amended and restated credit agreement (the "Sixth A&R Credit Agreement"), providing the Company and certain of its subsidiaries with five-year senior secured loan facilities in the aggregate principal amount of $2,500.0, comprised of a revolving credit facility of $1,500.0 and a term loan in the original principal amount of $1,000.0 (the "Sixth A&R Credit Facilities"). The Sixth A&R Credit Agreement will terminate on April 8, 2027. The Sixth A&R Credit Facilities are available for the issuance of letters of credit of up to $100.0. The terms of the Sixth A&R Credit Agreement include customary representations and warranties, affirmative and negative covenants, financial covenants, and events of default.

Under the terms of the Sixth A&R Credit Agreement, loans bear interest, at the Company's election, at a rate per annum equal to either (i) the Alternate Base Rate plus the Applicable Spread (all, as defined in the Sixth A&R Credit Agreement) or (ii) the Adjusted Term SOFR Rate for the Interest Period in effect for such borrowing plus the Applicable Spread (all as defined in the Sixth A&R Credit Agreement). Swingline Loans bear interest at the applicable Swingline Rate set forth in the Sixth A&R Credit Agreement. Interest rates for other select non-U.S. dollar borrowings, including borrowings denominated in euro, Pounds Sterling and Canadian dollars, are based on separate interest rate indices, as set forth in the Sixth A&R Credit Agreement.

On June 8, 2022, the Company entered into Amendment No. 1 to the Sixth A&R Credit Agreement ("Amendment No. 1"). Amendment No. 1 increased the maximum permitted leverage ratio for the quarterly leverage covenant until April 1, 2024. Amendment No. 1 also increased the interest rate applicable to borrowings under the revolving credit facility by 35 bps and the term loan facility by 50 bps, and increased the annual facility fee rate on the revolving credit facility by 15 bps, in each case, when the Company's quarterly-tested leverage ratio exceeded 4.75.

On July 31, 2023, the Company entered into Amendment No. 2 to the Sixth A&R Credit Agreement ("Amendment No. 2"). Amendment No. 2 (i) reduces the revolving loan commitments by $250.0; (ii) increases the maximum permitted leverage ratio for the quarterly leverage covenant until the earlier of (a) October 1, 2025 and (b) subject to certain conditions specified in Amendment No. 2, the termination by the Company of such adjustment (such period, the "Leverage Adjustment Period"); (iii) replaces the interest coverage covenant with a fixed charge coverage covenant; (iv) increases the interest rate applicable to borrowings under the revolving credit facility and the term loan facility by 25 bps for each existing pricing tier and adds a pricing tier applicable to periods when the leverage ratio exceeds 6.00; (v) limits the amount of certain incremental investments, loans and advances to $25.0 during the Leverage Adjustment Period; and (vi) adds the Company's intellectual property (subject to certain exceptions) as collateral to secure its obligations under the Sixth A&R Credit Agreement. Additionally, Amendment No. 2 limits the Company's ability to declare or pay any discretionary dividends, distributions or other restricted payments during the Leverage Adjustment Period to only the payment of (i) regularly scheduled cash dividends to holders of its Common Shares in an aggregate amount not to exceed $225.0 per fiscal year and (ii) other dividends, distributions or restricted payments in an aggregate amount not to exceed $25.0. Amendment No. 2 also subjects the Company's ability to make certain investments to pro forma compliance with certain leverage levels specified in Amendment No. 2. Pursuant to Amendment No. 2, the Sixth A&R Credit Agreement is secured by (i) a perfected first priority security interest in all of the accounts receivable, inventory, equipment and intellectual property (subject to certain exceptions) of Scotts Miracle-Gro and certain of its domestic subsidiaries and (ii) the pledge of all of the capital stock of certain of Scotts Miracle-Gro's domestic subsidiaries and a portion of the capital stock of certain of its foreign subsidiaries.

At June 28, 2025, the Company had letters of credit outstanding in the aggregate principal amount of $83.1, and had $1,166.9 of borrowing availability under the Sixth A&R Credit Agreement. The weighted average interest rates on average borrowings under the credit facilities, excluding the impact of interest rate swaps, were 7.7% and 9.0% for the nine months ended June 28, 2025 and June 29, 2024, respectively.

The Sixth A&R Credit Agreement contains, among other obligations, an affirmative covenant regarding the Company's leverage ratio determined as of the end of each of its fiscal quarters calculated as average total indebtedness, divided by the Company's earnings before interest, taxes, depreciation and amortization, as adjusted pursuant to the terms of Amendment No. 2 ("Adjusted EBITDA"). Pursuant to Amendment No. 2, the maximum permitted leverage ratio is (i) 5.00 for the third quarter of fiscal 2025, (ii) 4.75 for the fourth quarter of fiscal 2025 and (iii) 4.50 for the first quarter of fiscal 2026 and thereafter. The Company's leverage ratio was 4.15 at June 28, 2025. Pursuant to Amendment No. 2, the Sixth A&R Credit Agreement also contains an affirmative covenant regarding the Company's fixed charge coverage ratio determined as of the end of each of its fiscal quarters, calculated as Adjusted EBITDA minus capital expenditures and expense for taxes paid in cash, divided by the sum of interest expense plus restricted payments, as described in Amendment No. 2. The minimum required fixed charge coverage ratio is 1.00. The Company's fixed charge coverage ratio was 1.47 for the twelve months ended June 28, 2025.

As of June 28, 2025, the Company was in compliance with all applicable covenants in the agreements governing its debt. Based on the Company's projections of its financial performance for the twelve-month period subsequent to the date of the filing of this Form 10-Q, the Company expects to remain in compliance with the financial covenants under the Sixth A&R Credit Agreement. However, the Company's assessment of its ability to meet its future obligations is inherently subjective, judgment-based, and susceptible to change based on future events. A covenant violation may result in an event of default. Such a default would allow the lenders under the Sixth A&R Credit Agreement to accelerate the maturity of the indebtedness thereunder and would also implicate cross-default provisions under the Senior Notes, as defined below, and cause the Senior Notes to become due and payable at that time. As of June 28, 2025, the Company's indebtedness under the Sixth A&R Credit Agreement and Senior Notes was $2,187.5. The Company does not have sufficient cash on hand or available liquidity that can be utilized to repay these outstanding amounts in the event of default.

As part of its contingency planning to address potential future circumstances that could result in noncompliance, the Company has contemplated alternative plans including additional restructuring activities to reduce operating expenses and certain cash management strategies that are within the Company's control. Additionally, the Company has contemplated alternative plans that are subject to market conditions and not in the Company's control, including, among others, discussions with its lenders to amend the terms of its financial covenants under the Sixth A&R Credit Agreement and generating cash by completing other financing transactions, which may include issuing equity. There is no assurance that the Company will be successful in implementing these alternative plans.

Senior Notes

On December 15, 2016, Scotts Miracle-Gro issued $250.0 aggregate principal amount of 5.250% Senior Notes due 2026 (the “5.250% Senior Notes”). The 5.250% Senior Notes have interest payment dates of June 15 and December 15 of each year.

The 4.375% Senior Notes have interest payment dates of February 1 and August 1 of each year.

Substantially all of Scotts Miracle-Gro’s directly and indirectly owned domestic subsidiaries serve as guarantors of the 5.250% Senior Notes, the 4.500% Senior Notes, the 4.000% Senior Notes and the 4.375% Senior Notes, (collectively, the “Senior Notes”).

The Senior Notes contain an affirmative covenant regarding the Company’s interest coverage ratio determined as of the end of each of its fiscal quarters, calculated as Adjusted EBITDA divided by interest expense excluding costs related to refinancings. The minimum required interest coverage ratio is 2.00. The Company’s interest coverage ratio was 4.52 for the twelve months ended June 28, 2025.

Interest Rate Swap Agreements

The Company enters into interest rate swap agreements with major financial institutions that effectively convert a portion of the Company’s variable-rate debt to a fixed rate. Interest payments made between the effective date and expiration date are hedged by the swap agreements. Swap agreements that were hedging interest payments as of June 28, 2025, June 29, 2024 and September 30, 2024 had a maximum total U.S. dollar equivalent notional amount of $450.0, $500.0 and $450.0, respectively. The notional amount, effective date, expiration date and rate of each of the swap agreements outstanding at June 28, 2025 are shown in the table below:

Notional Amount ($)	Effective Date (a)	Expiration Date	Fixed Rate

(a) The effective date refers to the date on which interest payments are first hedged by the applicable swap agreement.
(b) Notional amount adjusts in accordance with a specified seasonal schedule. This represents the maximum notional amount at any point in time.

Weighted Average Interest Rate

The weighted average interest rates on the Company’s debt, including the impact of interest rate swaps, were 5.4% and 5.9% for the nine months ended June 28, 2025 and June 29, 2024, respectively.

Restricted share-based awards

For fiscal 2025, the Company is granting short-term equity incentive compensation awards to certain associates in the form of restricted share-based award units in lieu of cash-based annual incentive awards. The program is structured so the fiscal 2025 incentive grant, if any, will be made on or near the incentive payout date, subject to certain performance conditions and a service requirement. The number of restricted share-based award units that are ultimately issued to participating associates will be determined based on the incentive payout amount determined for each associate converted into a variable number of restricted share-based award units based on the fair value of the Common Shares on the grant date. The awards are classified as liability awards and, as of June 28, 2025, the Company had accrued $14.8 in the “Other current liabilities” line in the Condensed Consolidated Balance Sheets associated with these awards. As of June 28, 2025, there was $5.5 of total unrecognized pre-tax compensation cost related to these nonvested restricted share-based awards that is expected to be recognized over the remainder of fiscal 2025.

NOTE 9. INCOME TAXES

The effective tax rates for the nine months ended June 28, 2025 and June 29, 2024 were 27.9% and 27.5%, respectively. The effective tax rate used for interim reporting purposes is based on management’s best estimate of factors impacting the effective tax rate for the full fiscal year and includes the impact of discrete items recognized in the period. There can be no assurance that the effective tax rate estimated for interim financial reporting purposes will approximate the effective tax rate determined at fiscal year-end.

Scotts Miracle-Gro or one of its subsidiaries files income tax returns in the U.S. federal jurisdiction and various state, local and foreign jurisdictions. Subject to the following exceptions, the Company is no longer subject to examination by these tax authorities for fiscal years prior to 2021. There are currently no ongoing audits with respect to the U.S. federal jurisdiction. With respect to foreign jurisdictions, a Canadian audit covering fiscal years 2020 through 2021 and a United Kingdom audit covering fiscal year 2023 are in process. The Company is currently under examination by certain U.S. state and local tax authorities covering various periods from fiscal years 2018 through 2023. In addition to the aforementioned audits, certain other tax deficiency notices and refund claims for previous years remain unresolved.

The Company currently anticipates that few of its open and active audits will be resolved within the next twelve months. The Company is unable to make a reasonably reliable estimate as to when or if cash settlements with taxing authorities may occur. Although the outcomes of such examinations and the timing of any payments required upon the conclusion of such examinations are subject to significant uncertainty, the Company does not anticipate that the resolution of these tax matters or any events related thereto will result in a material change to its consolidated financial position, results of operations or cash flows.

On July 4, 2025, President Trump signed into law the One Big Beautiful Bill Act (“OBBBA”). The OBBBA makes permanent key elements of the Tax Cuts and Jobs Act, including 100% bonus depreciation, domestic research cost expensing and the business interest expense limitations. The legislation has multiple effective dates, with certain provisions effective in fiscal year 2025 and others implemented through fiscal year 2027. As the legislation was signed into law after June 28, 2025, it had no impact on the Company’s operating results for the three and nine months ended June 28, 2025. The Company is currently evaluating the impact of the OBBBA.

NOTE 10. CONTINGENCIES

Management regularly evaluates the Company’s contingencies, including various judicial and administrative proceedings and claims arising in the ordinary course of business relating to, among other things, product and general liabilities, workers’ compensation, property losses and other liabilities for which the Company is self-insured or retains a high exposure limit. Self-insurance accruals are established based on actuarial loss estimates for specific individual claims plus actuarially estimated amounts for incurred but not reported claims and adverse development factors applied to existing claims. Legal costs incurred in connection with the resolution of claims, lawsuits and other contingencies generally are expensed as incurred. In the opinion of management, the assessment of contingencies is reasonable and related accruals are adequate, both individually and in the aggregate; however, there can be no assurance that final resolution of these matters will not have a material effect on the Company’s financial condition, results of operations or cash flows.

Regulatory Matters

At June 28, 2025, the Company had recorded liabilities of $2.6 for environmental actions, the majority of which are for site remediation. The Company believes that the amounts accrued are adequate to cover such known environmental exposures based on current facts and estimates of likely outcomes. Although it is reasonably possible that the costs to resolve such known environmental exposures will exceed the amounts accrued, any variation from accrued amounts is not expected to be material.

Other

The Company has been named as a defendant in a number of cases alleging injuries that the lawsuits claim resulted from exposure to asbestos-containing products, apparently based on the Company’s historic use of vermiculite in certain of its products. In many of these cases, the complaints are not specific about the plaintiffs’ contacts with the Company or its products. The cases vary, but complaints in these cases generally seek unspecified monetary damages (actual, compensatory, consequential and punitive) from multiple defendants. The Company believes that the claims against it are without merit and is vigorously defending against them. The Company has not recorded any accruals in its condensed consolidated financial statements as the likelihood of a loss from these cases is not probable at this time. The Company does not believe a reasonably possible loss would be material to the Company’s financial condition, results of operations or cash flows. In addition, the Company does not believe the ultimate resolution of these cases will have a material adverse effect on the Company’s financial condition, results of operations or cash flows. There can be no assurance that future developments related to pending claims or claims filed in the future, whether as a result of adverse outcomes or as a result of significant defense costs, will not have a material effect on the Company’s financial condition, results of operations or cash flows.

On June 6, 2024, a purported shareholder filed a lawsuit in the United States District Court for the Southern District of Ohio (Case No. 2:24-cv-03132) on behalf of a proposed class of purchasers of Common Shares between November 3, 2021, and August 1, 2023. On July 26, 2024, another purported shareholder filed a lawsuit in the United States District Court for the Southern District of Ohio (Case No. 2:24-cv-03766) on behalf of a proposed class of purchasers of Common Shares between June 2, 2021, and August 1, 2023. The lawsuits were consolidated by the court as *In re The Scotts Miracle-Gro Company Securities Litigation* (Case No. 2:24-cv-03132). The amended consolidated complaint was filed on May 9, 2025 on behalf of a proposed class of purchasers of Common Shares between May 5, 2021 and August 1, 2023 and asserts claims under Section 10(b), Rule 10b-5 and Section 20(a) of the Securities Exchange Act against the Company and certain of its current and former officers based on alleged misstatements about the Company's inventories, sales and business prospects. The action seeks, among other things, unspecified monetary damages, reasonable costs and expenses and equitable/injunctive or other relief as deemed appropriate by the Court. The Company believes that the claims asserted are without merit and intends to vigorously defend the action.

Beginning in July 2024, purported shareholders filed a series of shareholder derivative lawsuits in state and federal courts in Ohio against certain of the Company's current and former directors and officers. The lawsuits include allegations that generally mirror those asserted in the securities lawsuits described above and assert claims for breach of fiduciary duties, unjust enrichment, abuse of control, gross mismanagement, and waste of corporate assets. The federal lawsuits also assert claims under the Securities Exchange Act. The actions seek a judgment in favor of the Company for unspecified damages, disgorgement, interest, and costs and expenses, including attorneys' and experts' fees.

The Company is involved in other lawsuits and claims which arise in the normal course of business including the initiation and defense of proceedings to protect intellectual property rights, advertising claims, securities matters and employment disputes. These claims individually and in the aggregate are not expected to have a material adverse effect on the Company's financial condition, results of operations or cash flows.

NOTE 11. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

The Company is exposed to market risks, such as changes in interest rates, currency exchange rates and commodity prices. To manage a portion of the volatility related to these exposures, the Company enters into various financial transactions. The utilization of these financial transactions is governed by policies covering acceptable counterparty exposure, instrument types and other hedging practices. The Company does not hold or issue derivative financial instruments for speculative trading purposes.

Exchange Rate Risk Management

The Company uses currency forward contracts to manage the exchange rate risk associated with intercompany loans and certain other balances denominated in foreign currencies. Currency forward contracts are valued using observable forward rates in commonly quoted intervals for the full term of the contracts. The notional amount of outstanding currency forward contracts was $146.1, $182.6 and $148.4 at June 28, 2025, June 29, 2024 and September 30, 2024, respectively. Contracts outstanding at June 28, 2025 will mature over the next fiscal quarter.

Interest Rate Risk Management

The Company enters into interest rate swap agreements as a means to hedge its variable interest rate risk on debt instruments. Net amounts to be received or paid under the swap agreements are reflected as adjustments to interest expense. The Company has outstanding interest rate swap agreements with major financial institutions that effectively convert a portion of the Company's variable-rate debt to a fixed rate. Interest rate swap agreements are valued based on the present value of the estimated future net cash flows using implied rates in the applicable yield curve as of the valuation date. Swap agreements that were hedging interest payments as of June 28, 2025, June 29, 2024 and September 30, 2024 had a maximum total U.S. dollar equivalent notional amount of $450.0, $500.0 and $450.0, respectively. Refer to "NOTE 6. DEBT" for the terms of the swap agreements outstanding at June 28, 2025. Included in the AOCL balance at June 28, 2025 was a gain of $4.3 related to interest rate swap agreements that is expected to be reclassified to earnings during the next twelve months, consistent with the timing of the underlying hedged transactions.

Commodity Price Risk Management

The Company enters into hedging arrangements designed to fix the price of a portion of its projected future urea and diesel requirements. Commodity contracts are valued using observable commodity exchange prices in active markets. Included in the AOCL balance at June 28, 2025 was a gain of $1.6 related to commodity hedges that is expected to be reclassified to earnings during the next twelve months, consistent with the timing of the underlying hedged transactions.

The Company had the following outstanding commodity contracts that were entered into to hedge forecasted purchases:

Commodity	June 28, 2025	June 29, 2024	September 30, 2024
Urea	34,500 tons	33,000 tons	51,000 tons

Heating Oil	84,000 gallons	84,000 gallons	42,000 gallons

NOTE 13. LEASES

The Company leases certain property and equipment from third parties under various non-cancelable lease agreements, including industrial, commercial and office properties and equipment that support the management, manufacturing, distribution and research and development of products marketed and sold by the Company. The lease agreements generally require that the Company pay taxes, insurance and maintenance expenses related to the leased assets. At June 28, 2025, the Company had entered into operating leases that were yet to commence with a combined total expected lease liability of $25.1. From time to time, the Company will sublease portions of its facilities, resulting in sublease income. Sublease income and the related cash flows were not material to the condensed consolidated financial statements for the three and nine months ended June 28, 2025 and June 29, 2024.

The Company leases certain vehicles (primarily cars and light trucks) under agreements that are cancellable after the first year, but typically continue on a month-to-month basis until canceled by the Company. The vehicle leases and certain other non-cancelable operating leases contain residual value guarantees that create a contingent obligation on the part of the Company to compensate the lessor if the leased asset cannot be sold for an amount in excess of a specified minimum value at the conclusion of the lease term. If all such vehicle leases had been canceled as of June 28, 2025, the Company's residual value guarantee would have approximated $6.3.

NOTE 14. SEGMENT INFORMATION

The Company divides its operations into three reportable segments: U.S. Consumer, Hawthorne and Other. U.S. Consumer consists of the Company's consumer lawn and garden business in the United States. Hawthorne consists of the Company's indoor and hydroponic gardening business. Other primarily consists of the Company's consumer lawn and garden business in Canada. This identification of reportable segments is consistent with how the segments report to and are managed by the chief operating decision maker of the Company. In addition, Corporate consists of general and administrative expenses and certain other income and expense items not allocated to the reportable business segments.

The performance of each reportable segment is evaluated based on several factors, including income (loss) before income taxes, amortization, impairment, restructuring and other charges ("Segment Profit (Loss)"). Senior management uses Segment Profit (Loss) to evaluate segment performance because the Company believes this measure is indicative of performance trends and the overall earnings potential of each segment.

The following tables present financial information for the Company's reportable segments for the periods indicated:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The purpose of this Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is to provide an understanding of our financial condition and results of operations by focusing on changes in certain key measures from year-to-year. This MD&A includes the following sections:

- Executive summary
- Results of operations
- Segment results
- Liquidity and capital resources
- Regulatory matters
- Critical accounting estimates

This MD&A should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations" included in Scotts Miracle-Gro's Annual Report on Form 10-K for the fiscal year ended September 30, 2024 (the "2024 Annual Report") and our condensed consolidated financial statements included in this Form 10-Q.

EXECUTIVE SUMMARY

Our operations are divided into three reportable segments: U.S. Consumer, Hawthorne and Other. U.S. Consumer consists of our consumer lawn and garden business in the United States. Hawthorne consists of our indoor and hydroponic gardening business. Other primarily consists of our consumer lawn and garden business in Canada. This division of reportable segments is consistent with how the segments report to and are managed by our chief operating decision maker. In addition, Corporate consists of general and administrative expenses and certain other income and expense items not allocated to the business segments. See "SEGMENT RESULTS" below for additional information regarding our evaluation of segment performance.

Through our U.S. Consumer and Other segments, we are the leading manufacturer and marketer of branded consumer lawn and garden products in North America. Our products are marketed under some of the most recognized brand names in the industry. Our key consumer lawn and garden brands include Scotts® Turf Builder® lawn fertilizer and Scotts® grass seed products; Miracle-Gro® soil, plant food and gardening products; Ortho® herbicide and pesticide products; and Tomcat® rodent control and animal repellent products. We are the exclusive agent of Monsanto for the marketing and distribution of certain of Monsanto's consumer Roundup® branded products within the United States and certain other specified countries. In addition, we have an equity interest in Bonnie Plants, LLC, a joint venture with AFC focused on planting, growing, developing, distributing, marketing and selling live plants.

Through our Hawthorne segment, we are a leading provider of nutrients, lighting and other materials used for indoor and hydroponic gardening in North America. Our Signature brands include General Hydroponics®, Gavita®, Botanicare®, Agrolux®, Gro Pro®, Mother Earth®, Grower's Edge®, HydroLogic Purification System® and CYCO®.

Due to the seasonal nature of the consumer lawn and garden business, significant portions of our U.S. Consumer and Other segment net sales ship to our retail customers during our second and third fiscal quarters, as noted in the following table. Our annual net sales are further concentrated in the second and third fiscal quarters by retailers who rely on our ability to deliver products closer to when consumers buy our products.

	Percent of Net Sales by Quarter		
	2024	2023	2022
First Quarter	11.6 %	14.8 %	14.4 %
Second Quarter	42.9 %	43.2 %	42.8 %
Third Quarter	33.8 %	31.5 %	30.2 %
Fourth Quarter	11.7 %	10.5 %	12.6 %

Recent Events

During the three and nine months ended June 28, 2025, our Hawthorne segment continued to experience decreased sales volume. This was partially attributable to an oversupply of cannabis, which has led to a prolonged period of lower cannabis wholesale prices and reduced indoor and outdoor cannabis cultivation. The oversupply has been driven by increased licensing activity across the U.S. and significant capital investment in the cannabis production marketplace over the past several years, as well as inconsistent enforcement of regulations. We expect that the oversupply of cannabis will continue to adversely impact our Hawthorne segment. If the oversupply of cannabis persists longer, or is more significant than we expect, our results of operations could be materially and adversely impacted for a longer period and to a greater extent than we currently anticipate.

During fiscal 2024, our Hawthorne segment discontinued distribution of other companies' products in order to shift its focus solely to marketing, innovating and supporting its portfolio of Signature brands. The discontinuation of sales of other companies' products has resulted in lower sales volume when compared to historical periods, but has enabled continued optimization of Hawthorne's operations and improvement of its profitability.

We continue to monitor the impacts of macroeconomic conditions, including elevated interest rates and the impact of inflationary pressures on input costs and consumer behavior; as well as geopolitical uncertainty, including the duration and resolution of ongoing conflicts, potential escalation of tensions and global supply chain disruptions. We are also continuing to monitor ongoing changes to global trade policies, including the imposition of tariffs. The impact that these events and conditions will have on our operational and financial performance will depend on future developments, which are difficult to predict. For more information about factors that could impact our business, refer to "ITEM 1A. RISK FACTORS" in the 2024 Annual Report.

Change in net sales	(1.2)%	(3.6)%

The decrease in net sales for the three months ended June 28, 2025 as compared to the three months ended June 29, 2024 was primarily driven by:

- decreased net sales of 1.4% included within "volume and mix" related to nonrecurring fiscal 2024 sales of bulk raw materials and AeroGarden® products in our U.S. Consumer segment and the discontinuation of sales of other companies' products in our Hawthorne segment; and
- decreased net sales associated with the Roundup® marketing agreement;
- partially offset by increased sales volume of 0.5%, comprised of the net impact of higher volume in our U.S. Consumer segment driven by soils and grass seed products, partially offset by lower volume in our Hawthorne segment driven by all product categories.

The decrease in net sales for the nine months ended June 28, 2025 as compared to the nine months ended June 29, 2024 was primarily driven by:

- decreased net sales of 2.1% included within "volume and mix" related to nonrecurring fiscal 2024 sales of bulk raw materials and AeroGarden® products in our U.S. Consumer segment and the discontinuation of sales of other companies' products in our Hawthorne segment;
- decreased sales volume of 0.7%, comprised of the net impact of lower volume in our Hawthorne segment driven by all product categories, partially offset by higher volume in our U.S. Consumer segment driven by soils, mulch and grass seed products;
- decreased net sales associated with the Roundup® marketing agreement; and
- decreased pricing, primarily driven by additional investments in consumer activation activities in our U.S. Consumer segment.

During fiscal 2022, we began implementing a series of Company-wide organizational changes and initiatives intended to create operational and management-level efficiencies. As part of this restructuring initiative, we reduced the size of our supply chain network, reduced staffing levels and implemented other cost-reduction initiatives. During the three and nine months ended June 29, 2024, we recorded a gain of $0.0 and $12.1, respectively, in the “Impairment, restructuring and other” line in the Condensed Consolidated Statements of Operations associated with a payment received in resolution of a dispute with the former ownership group of a business that was acquired in fiscal 2022. This payment was classified as an operating activity in the Condensed Consolidated Statements of Cash Flows.

Other Expense, net

Other expense is comprised of activities such as the discount on sales of accounts receivable under the Master Receivables Purchase Agreement, royalty income from the licensing of certain of our brand names and foreign exchange transaction gains and losses. Other expense was $7.2 and $6.9 for the three months ended June 28, 2025 and June 29, 2024, respectively; and was $15.9 and $19.6 for the nine months ended June 28, 2025 and June 29, 2024, respectively. The decrease in other expense for the nine months ended June 28, 2025 is primarily due to lower discount on sales of accounts receivable under the Master Receivables Purchase Agreement.

Income from Operations

Income from operations was $215.0 for the three months ended June 28, 2025, an increase of 7.4% compared to $200.1 for the three months ended June 29, 2024; and was $508.7 for the nine months ended June 28, 2025, an increase of 19.7% compared to $424.9 for the nine months ended June 29, 2024. For the three months ended June 28, 2025, the increase was primarily driven by a higher gross margin rate, partially offset by lower net sales, higher SG&A and higher impairment, restructuring and other charges. For the nine months ended June 28, 2025, the increase was primarily driven by a higher gross margin rate, lower other expense and lower impairment, restructuring, and other charges, partially offset by lower net sales and higher SG&A.

Interest Expense

Interest expense was $31.8 for the three months ended June 28, 2025, a decrease of 18.0% compared to $38.8 for the three months ended June 29, 2024; and was $102.0 for the nine months ended June 28, 2025, a decrease of 18.8% compared to $125.6 for the nine months ended June 29, 2024. For the three months ended June 28, 2025, the decrease was driven by lower average borrowings of $287.6 and a decrease in our weighted average interest rate, net of the impact of interest rate swaps, of 50 basis points. For the nine months ended June 28, 2025, the decrease was driven by lower average borrowings of $341.7 and a decrease in our weighted average interest rate, net of the impact of interest rate swaps, of 50 basis points. The decrease in average borrowings was driven by our focus on using available cash flow to reduce our debt. The decrease in our weighted average interest rate was primarily driven by lower borrowing rates under the Sixth A&R Credit Agreement.

Income Tax Expense

The effective tax rates for the nine months ended June 28, 2025 and June 29, 2024 were 27.9% and 27.5%, respectively. The effective tax rate used for interim purposes is based on our best estimate of factors impacting the effective tax rate for the full fiscal year. Factors affecting the estimated effective tax rate include assumptions as to income by jurisdiction (domestic and foreign), the availability and utilization of tax credits and the existence of elements of income and expense that may not be taxable or deductible. The estimated effective tax rate is subject to revision in later interim periods and at fiscal year-end as facts and circumstances change during the course of the fiscal year. There can be no assurance that the effective tax rate estimated for interim financial reporting purposes will approximate the effective tax rate determined at fiscal year-end.

Net Income

Net income was $149.1, or $2.54 per diluted share, for the three months ended June 28, 2025 compared to $132.1, or $2.28 per diluted share, for the three months ended June 29, 2024. The increase was driven by a higher gross margin rate and lower interest expense, partially offset by lower net sales, higher SG&A, higher impairment, restructuring and other charges and higher income tax expense.

Diluted average Common Shares used in the diluted net income per common share calculation for the three months ended June 28, 2025 and June 29, 2024 were 58.6 million and 58.0 million, respectively, which included dilutive potential Common Shares of 0.9 million and 1.2 million, respectively. The increase in diluted average Common Shares was primarily the result of the exercise and issuance of share-based compensation awards.

Net income was $297.1, or $5.07 per diluted share, for the nine months ended June 28, 2025 compared to $209.1, or $3.64 per diluted share, for the nine months ended June 29, 2024. The increase was driven by a higher gross margin rate, lower impairment, restructuring and other charges, lower other expense, lower interest expense and higher equity in income of unconsolidated affiliates, partially offset by lower net sales, higher SG&A and higher income tax expense.

Diluted average Common Shares used in the diluted net income per common share calculation for the nine months ended June 28, 2025 and June 29, 2024 were 58.6 million and 57.5 million, respectively, which included dilutive potential Common Shares of 1.1 million and 0.8 million, respectively. The increase in diluted average Common Shares was primarily the result of the exercise and issuance of share-based compensation awards.

SEGMENT RESULTS

The performance of each reportable segment is evaluated based on several factors, including income (loss) before income taxes, amortization, impairment, restructuring and other charges ("Segment Profit (Loss)"), which is a non-GAAP financial measure. Senior management uses Segment Profit (Loss) to evaluate segment performance because they believe this measure is indicative of performance trends and the overall earnings potential of each segment.

The following table sets forth net sales by segment:

Operating Activities

Cash provided by operating activities totaled $197.2 for the nine months ended June 28, 2025 compared to $549.0 for the nine months ended June 29, 2024. The decrease was driven by higher inventory production, the timing of accounts receivable sales, higher short-term variable cash incentive compensation payments and higher SG&A, partially offset by higher gross margin and lower interest payments. Accounts receivable sale timing was driven by our entry into the Master Receivable Purchasing Agreement during the nine months ended June 29, 2024.

Cash used in investing activities totaled $60.0 for the nine months ended June 28, 2025 compared to $80.0 for the nine months ended June 29, 2024. Cash used for investments in property, plant and equipment during the first nine months of fiscal 2025 and 2024 was $54.5 and $67.4, respectively, driven by the timing of spending on capital projects. Accounts Receivable Sales

On October 27, 2023, we entered into the Master Receivables Purchase Agreement, under which we could sell up to $600.0 of available and eligible outstanding customer accounts receivable generated by sales to four specified customers. On September 1, 2024, we amended the Master Receivables Purchase Agreement to permit us to sell up to $750.0 of available and eligible outstanding customer accounts receivable generated by sales to five specified customers. The agreement is uncommitted and expires on September 1, 2025. Transactions under the Master Receivables Purchase Agreement are accounted for as sales of accounts receivable, and the receivables sold are removed from the Condensed Consolidated Balance Sheets at the time of the sales transaction. Proceeds received from the sales of accounts receivable are classified as operating cash flows and collections of previously sold accounts receivable not yet submitted to the buyer are classified as financing cash flows in the Condensed Consolidated Statements of Cash Flows. We record the discount on sales in the “Other expense, net” line in the Condensed Consolidated Statements of Operations. At June 28, 2025, June 29, 2024 and September 30, 2024, net receivables derecognized were $418.8, $477.3 and $186.6, respectively. During the three months ended June 28, 2025 and June 29, 2024, proceeds from the sale of receivables under the Master Receivables Purchase Agreement totaled $686.7 and $724.5, respectively, and the total discount recorded on sales was $7.3 and $8.7, respectively. During the nine months ended June 28, 2025 and June 29, 2024, proceeds from the sale of receivables under the Master Receivables Purchase Agreement totaled $1,708.9 and $1,680.0, respectively, and the total discount recorded on sales was $18.5 and $21.6, respectively.

Supplier Finance Program

We have an agreement to provide a supplier finance program which facilitates participating suppliers’ ability to finance our payment obligations with a designated third-party financial institution. Participating suppliers may, at their sole discretion, elect to finance our payment obligations prior to their scheduled due dates at a discounted price to the participating financial institution. Our obligations to our suppliers, including amounts due and scheduled payment dates, are not impacted by suppliers’ decisions to finance amounts under this arrangement. The payment terms that we negotiate with our suppliers are consistent, regardless of whether a supplier participates in the program. Our current payment terms with a majority of our suppliers generally range from 30 to 60 days, which we deem to be commercially reasonable. Our outstanding payment obligations under our supplier finance program were $19.2, $22.8 and $12.5 at June 28, 2025, June 29, 2024 and September 30, 2024, respectively, and are recorded within accounts payable in the Condensed Consolidated Balance Sheets. The associated payments were $212.0 and $218.6 for the nine months ended June 28, 2025 and June 29, 2024, respectively, and are classified as operating activities in the Condensed Consolidated Statements of Cash Flows.

Cash and Cash Equivalents

Our cash and cash equivalents were held in cash depository accounts with major financial institutions around the world or invested in high-quality, short-term liquid investments having original maturities of three months or less. The cash and cash equivalents balances of $51.1, $279.9 and $71.6 as of June 28, 2025, June 29, 2024 and September 30, 2024, respectively, included $20.1, $30.4 and $15.9, respectively, held by controlled foreign corporations. As of June 28, 2025, we maintain our assertion of indefinite reinvestment of the earnings of all material foreign subsidiaries.

Borrowing Agreements

Credit Facilities

Our primary sources of liquidity are cash generated by operations and borrowings under our credit facilities, which are guaranteed by substantially all of Scotts Miracle-Gro’s domestic subsidiaries. On April 8, 2022, we entered into the Sixth A&R Credit Agreement, providing the Company and certain of its subsidiaries with five-year senior secured loan facilities in the aggregate principal amount of $2,500.0, comprised of a revolving credit facility of $1,500.0 and a term loan in the original principal amount of $1,000.0. The Sixth A&R Credit Agreement will terminate on April 8, 2027. The Sixth A&R Credit Facilities are available for the issuance of letters of credit of up to $100.0. The terms of the Sixth A&R Credit Agreement include customary representations and warranties, affirmative and negative covenants, financial covenants, and events of default.

Under the terms of the Sixth A&R Credit Agreement, loans bear interest, at our election, at a rate per annum equal to either (i) the Alternate Base Rate plus the Applicable Spread (all, as defined in the Sixth A&R Credit Agreement) or (ii) the Adjusted Term SOFR Rate for the Interest Period in effect for such borrowing plus the Applicable Spread (all as defined in the Sixth A&R Credit Agreement). Swingline Loans bear interest at the applicable Swingline Rate set forth in the Sixth A&R Credit Agreement. Interest rates for other select non-U.S. dollar borrowings, including borrowings denominated in euro, Pounds Sterling and Canadian dollars, are based on separate interest rate indices, as set forth in the Sixth A&R Credit Agreement.

On June 8, 2022, we entered into Amendment No. 1 to the Sixth A&R Credit Agreement. Amendment No. 1 increased the maximum permitted leverage ratio for the quarterly leverage covenant until April 1, 2024. Amendment No. 1 also increased the interest rate applicable to borrowings under the revolving credit facility by 35 bps and the term loan facility by 50 bps, and increased the annual facility fee rate on the revolving credit facility by 15 bps, in each case, when our quarterly-tested leverage ratio exceeded 4.75.

On July 31, 2023, we entered into Amendment No. 2 to the Sixth A&R Credit Agreement. Amendment No. 2 (i) reduces the revolving loan commitments by $250.0; (ii) increases the maximum permitted leverage ratio for the quarterly leverage covenant during the Leverage Adjustment Period; (iii) replaces the interest coverage covenant with a fixed charge coverage covenant; (iv) increases the interest rate applicable to borrowings under the revolving credit facility and the term loan facility by 25 bps for each existing pricing tier and adds a pricing tier applicable to periods when the leverage ratio exceeds 6.00; (v) limits the amount of certain incremental investments, loans and advances to $25.0 during the Leverage Adjustment Period; and (vi) adds our intellectual property (subject to certain exceptions) as collateral to secure our obligations under the Sixth A&R Credit Agreement. Additionally, Amendment No. 2 limits our ability to declare or pay any discretionary dividends, distributions or other restricted payments during the Leverage Adjustment Period to only the payment of (i) regularly scheduled cash dividends to holders of our Common Shares in an aggregate amount not to exceed $225.0 per fiscal year and (ii) other dividends, distributions or restricted payments in an aggregate amount not to exceed $25.0. Amendment No. 2 also subjects our ability to make certain investments to pro forma compliance with certain leverage levels specified in Amendment No. 2. Pursuant to Amendment No. 2, the Sixth A&R Credit Agreement is secured by (i) a perfected first priority security interest in all of the accounts receivable, inventory, equipment and intellectual property (subject to certain exceptions) of Scotts Miracle-Gro and certain of its domestic subsidiaries and (ii) the pledge of all of the capital stock of certain of Scotts Miracle-Gro’s domestic subsidiaries and a portion of the capital stock of certain of its foreign subsidiaries.

At June 28, 2025, we had letters of credit outstanding in the aggregate principal amount of $83.1, and had $1,166.9 of borrowing availability under the Sixth A&R Credit Agreement. The weighted average interest rates on average borrowings under the credit facilities, excluding the impact of interest rate swaps, were 7.7% and 9.0% for the nine months ended June 28, 2025 and June 29, 2024, respectively.

The Sixth A&R Credit Agreement contains, among other obligations, an affirmative covenant regarding our leverage ratio determined as of the end of each of our fiscal quarters calculated as average total indebtedness, divided by our Adjusted EBITDA. Pursuant to Amendment No. 2, the maximum permitted leverage ratio is (i) 5.00 for the third quarter of fiscal 2025, (ii) 4.75 for the fourth quarter of fiscal 2025 and (iii) 4.50 for the first quarter of fiscal 2026 and thereafter. Our leverage ratio was 4.15 at June 28, 2025. Pursuant to Amendment No. 2, the Sixth A&R Credit Agreement also contains an affirmative covenant regarding our fixed charge coverage ratio determined as of the end of each of our fiscal quarters, calculated as Adjusted EBITDA minus capital expenditures and expense for taxes paid in cash, divided by the sum of interest expense plus restricted payments, as described in Amendment No. 2. The minimum required fixed charge coverage ratio is 1.00. Our fixed charge coverage ratio was 1.47 for the twelve months ended June 28, 2025.

As of June 28, 2025, we were in compliance with all applicable covenants in the agreements governing our debt. Based on our projections of financial performance for the twelve-month period subsequent to the date of the filing of this Form 10-Q, we expect to remain in compliance with the financial covenants under the Sixth A&R Credit Agreement. However, our assessment of our ability to meet our future obligations is inherently subjective, judgment-based, and susceptible to change based on future events. A covenant violation may result in an event of default. Such a default would allow the lenders under the Sixth A&R Credit Agreement to accelerate the maturity of the indebtedness thereunder and would also implicate cross-default provisions under the Senior Notes and cause the Senior Notes to become due and payable at that time. As of June 28, 2025, our indebtedness under the Sixth A&R Credit Agreement and Senior Notes was $2,187.5. We do not have sufficient cash on hand or available liquidity that can be utilized to repay these outstanding amounts in the event of default.

As part of our contingency planning to address potential future circumstances that could result in noncompliance, we have contemplated alternative plans including additional restructuring activities to reduce operating expenses and certain cash management strategies that are within our control. Additionally, we have contemplated alternative plans that are subject to market conditions and not in our control, including, among others, discussions with our lenders to amend the terms of our financial covenants under the Sixth A&R Credit Agreement and generating cash by completing other financing transactions, which may include issuing equity. There is no assurance that we will be successful in implementing these alternative plans.

The Senior Notes contain an affirmative covenant regarding our interest coverage ratio determined as of the end of each of our fiscal quarters, calculated as Adjusted EBITDA divided by interest expense excluding costs related to refinancings. The minimum required interest coverage ratio is 2.00. Our interest coverage ratio was 4.52 for the twelve months ended June 28, 2025.

Interest Rate Swap Agreements

We enter into interest rate swap agreements with major financial institutions that effectively convert a portion of our variable-rate debt to a fixed rate. Interest payments made between the effective date and expiration date are hedged by the swap agreements. Swap agreements that were hedging interest payments as of June 28, 2025, June 29, 2024 and September 30, 2024 had a maximum total U.S. dollar equivalent notional amount of $450.0, $500.0 and $450.0, respectively. The notional amount, effective date, expiration date and rate of each of the swap agreements outstanding at June 28, 2025 are shown in the table below:

Notional Amount ($)	Effective Date (a)	Expiration Date	Fixed Rate
150	6/7/2023	4/7/2027	3.37 %
50	6/7/2023	4/7/2027	3.34 %

150 (b)	9/20/2024	9/20/2029	4.25 %

(a) The effective date refers to the date on which interest payments are first hedged by the applicable swap agreement.
(b) Notional amount adjusts in accordance with a specified seasonal schedule. This represents the maximum notional amount at any point in time.

Availability and Use of Cash

We believe that our cash flows from operations and borrowings under our agreements described herein will be sufficient to meet debt service, capital expenditures and working capital needs for the foreseeable future. However, we cannot ensure that our business will generate sufficient cash flow from operations or that future borrowings will be available under our borrowing agreements in amounts sufficient to pay indebtedness or fund other liquidity needs. Actual results of operations will depend on numerous factors, many of which are beyond our control as further discussed in the 2024 Annual Report, under "ITEM 1A. RISK FACTORS — Risks Related to Our M&A, Lending and Financing Activities — Our indebtedness could limit our flexibility and adversely affect our financial condition."

Financial Disclosures About Guarantors and Issuers of Guaranteed Securities

The 5.250% Senior Notes, 4.500% Senior Notes, 4.000% Senior Notes and 4.375% Senior Notes were issued by Scotts Miracle-Gro on December 15, 2016, October 22, 2019, March 17, 2021 and August 13, 2021, respectively. The Senior Notes are guaranteed by certain consolidated domestic subsidiaries of Scotts Miracle-Gro (collectively, the "Guarantors") and, therefore, we report summarized financial information in accordance with SEC Regulation S-X, Rule 13-01, "Guarantors and Issuers of Guaranteed Securities Registered or Being Registered."

The guarantees are "full and unconditional," as those terms are used in Regulation S-X, Rule 3-10(b)(3), except that a Guarantor's guarantee will be released in certain circumstances set forth in the indentures governing the Senior Notes, such as: (i) upon any sale or other disposition of all or substantially all of the assets of the Guarantor (including by way of merger or consolidation) to any person other than Scotts Miracle-Gro or any "restricted subsidiary" under the applicable indenture; (ii) if the Guarantor merges with and into Scotts Miracle-Gro, with Scotts Miracle-Gro surviving such merger; (iii) if the Guarantor is designated an "unrestricted subsidiary" in accordance with the applicable indenture or otherwise ceases to be a "restricted subsidiary" (including by way of liquidation or dissolution) in a transaction permitted by such indenture; (iv) upon legal or covenant defeasance; (v) at the election of Scotts Miracle-Gro following the Guarantor's release as a guarantor under the Sixth A&R Credit Agreement, except a release by or as a result of the repayment of the Sixth A&R Credit Agreement; or (vi) if the Guarantor ceases to be a "restricted subsidiary" and the Guarantor is not otherwise required to provide a guarantee of the Senior Notes pursuant to the applicable indenture.

Our foreign subsidiaries and certain of our domestic subsidiaries are not guarantors (collectively, the "Non-Guarantors") of the Senior Notes. Payments on the Senior Notes are only required to be made by Scotts Miracle-Gro and the Guarantors. As a result, no payments are required to be made from the assets of the Non-Guarantors, unless those assets are transferred by dividend or otherwise to Scotts Miracle-Gro or a Guarantor. In the event of a bankruptcy, insolvency, liquidation or reorganization of any of the Non-Guarantors, holders of their indebtedness, including their trade creditors and other obligations, will be entitled to payment of their claims from the assets of the Non-Guarantors before any assets are made available for distribution to Scotts Miracle-Gro or the Guarantors. As a result, the Senior Notes are effectively subordinated to all the liabilities of the Non-Guarantors.

The guarantees may be subject to review under federal bankruptcy laws or relevant state fraudulent conveyance or fraudulent transfer laws. In certain circumstances, the court could void the guarantee, subordinate the amounts owing under the guarantee, or take other actions detrimental to the holders of the Senior Notes.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or a valid antecedent debt is satisfied. A court would likely find that a Guarantor did not receive reasonably equivalent value or fair consideration for its guarantee to the extent such Guarantor did not obtain a reasonably equivalent benefit from the issuance of the Senior Notes.

The measure of insolvency varies depending upon the law of the jurisdiction that is being applied. Regardless of the measure being applied, a court could determine that a Guarantor was insolvent on the date the guarantee was issued, so that payments to the holders of the Senior Notes would constitute a preference, fraudulent transfer or conveyances on other grounds. If a guarantee is voided as a fraudulent conveyance or is found to be unenforceable for any other reason, the holders of the Senior Notes will not have a claim against the Guarantor.

Each guarantee contains a provision intended to limit the Guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent conveyance. However, there can be no assurance as to what standard a court will apply in making a determination of the maximum liability of each Guarantor. Moreover, this provision may not be effective to protect the guarantees from being voided under fraudulent conveyance laws. There is a possibility that the entire guarantee may be set aside, in which case the entire liability may be extinguished.

The following tables present summarized financial information on a combined basis for Scotts Miracle-Gro and the Guarantors. Transactions between Scotts Miracle-Gro and the Guarantors have been eliminated and the summarized financial information does not reflect investments of the Scotts Miracle-Gro and the Guarantors in the Non-Guarantor subsidiaries.

Judicial and Administrative Proceedings

We are party to various pending judicial and administrative proceedings and claims arising in the ordinary course of business relating to, among other things, product and general liabilities, workers' compensation, property losses and other liabilities for which we are self-insured or retain a high exposure limit. We have reviewed these pending judicial and administrative proceedings, including the probable outcomes, reasonably anticipated costs and expenses, and the availability and limits of our insurance coverage, and have established what we believe to be appropriate accruals. We believe that our assessment of contingencies is reasonable and related accruals are adequate, both individually and in the aggregate; however, there can be no assurance that final resolution of these matters will not have a material effect on our financial condition, results of operations or cash flows.

REGULATORY MATTERS

We are subject to local, state, federal and foreign environmental protection laws and regulations with respect to our business operations and believe we are operating in substantial compliance, or taking actions aimed at ensuring compliance, with such laws and regulations. We are involved in several legal actions with various governmental agencies related to environmental matters. While it is difficult to quantify the potential financial impact of actions involving these environmental matters, particularly remediation costs at waste disposal sites and future capital expenditures for environmental control equipment, in the opinion of management, the ultimate liability arising from such environmental matters, taking into account established accruals, is not expected to have a material effect on our financial condition, results of operations or cash flows. However, there can be no assurance that the resolution of these matters will not materially affect our future quarterly or annual results of operations, financial condition or cash flows. Additional information on environmental matters affecting us is provided in the 2024 Annual Report, under "ITEM 1. BUSINESS — Regulatory Considerations" and "ITEM 3. LEGAL PROCEEDINGS."

CRITICAL ACCOUNTING ESTIMATES

Our unaudited condensed consolidated financial statements have been prepared in accordance with GAAP. The preparation of financial statements and related disclosures in accordance with GAAP requires management to use judgment and make estimates that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosures of contingent assets and liabilities. We evaluate our estimates on an ongoing basis. By their nature, these judgments are subject to uncertainty. We base our estimates on historical experience, current trends and other factors that we believe to be relevant under the circumstances at the time the estimate was made. Certain accounting estimates are particularly significant, including those related to revenue recognition and promotional allowances, income taxes and goodwill and indefinite-lived intangible assets.

We believe that our estimates, assumptions, and judgments are reasonable in that they were based on information available when the estimates, assumptions and judgments were made. However, because future events and their effects cannot be determined with certainty, actual results could differ materially from those implied by our assumptions and estimates.

The Audit Committee of the Board of Directors of Scotts Miracle-Gro reviews our critical accounting estimates on an ongoing basis, including those related to revenue recognition and promotional allowances, income taxes and goodwill and indefinite-lived intangible assets. Our critical accounting estimates have not changed materially from those disclosed in the 2024 Annual Report.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

The Scotts Miracle-Gro Company (the “Registrant”) maintains “disclosure controls and procedures,” as such term is defined under Securities Exchange Act Rule 13a-15(e), that are designed to ensure that information required to be disclosed in the Registrant’s Securities Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to the Registrant’s management, including its principal executive officer and its principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

With the participation of the principal executive officer and the principal financial officer of the Registrant, the Registrant’s management has evaluated the effectiveness of the Registrant’s disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934), as of the end of the fiscal quarter covered by this Form 10-Q. Based upon that evaluation, the Registrant’s principal executive officer and principal financial officer have concluded that the Registrant’s disclosure controls and procedures were effective as of June 28, 2025.

Changes in Internal Control Over Financial Reporting

No changes in the Registrant’s internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) occurred during the Registrant’s fiscal quarter ended June 28, 2025 that have materially affected, or are reasonably likely to materially affect, the Registrant’s internal control over financial reporting.

PART II—OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Reference is made to the legal proceedings that have been previously disclosed in Part I, Item 3 of the 2024 Annual Report. There have been no material developments to the pending legal proceedings set forth therein.

We are involved in other lawsuits and claims which arise in the normal course of our business including the initiation and defense of proceedings to protect intellectual property rights, advertising claims, securities matters and employment disputes. In our opinion, these claims individually and in the aggregate are not expected to have a material adverse effect on our financial condition, results of operations or cash flows.

ITEM 1A. RISK FACTORS

The Company's risk factors, as of June 28, 2025, have not materially changed from those described in Part I, Item 1A of the 2024 Annual Report.

Cautionary Note Regarding Forward-Looking Statements

This Form 10-Q, including the exhibits hereto and the information incorporated by reference herein, contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act, which are subject to risks and uncertainties. Information regarding activities, events and developments that we expect or anticipate will or may occur in the future, including, but not limited to, information relating to our future growth and profitability targets and strategies designed to increase total shareholder value, are forward-looking statements based on management's estimates, assumptions and projections. Forward-looking statements also include, but are not limited to, statements regarding our future economic and financial condition and results of operations, the plans and objectives of management and our assumptions regarding our performance and such plans and objectives, as well as the amount and timing of dividends and repurchases of our Common Shares or other uses of cash flows. Forward-looking statements generally can be identified through the use of words such as "guidance," "outlook," "projected," "believe," "target," "predict," "estimate," "forecast," "strategy," "may," "goal," "expect," "anticipate," "intend," "plan," "foresee," "likely," "will," "should" and other similar words and variations.

Forward-looking statements in this Form 10-Q are predictions only and actual results could differ materially from management's expectations due to a variety of factors, including those described in "ITEM 1A. RISK FACTORS" in the 2024 Annual Report. All forward-looking statements attributable to us or persons working on our behalf are expressly qualified in their entirety by such risk factors and other cautionary statements that we make from time to time in our other SEC filings and public communications.

You should evaluate forward-looking statements in the context of these risks and uncertainties and are cautioned not to place undue reliance on such statements. These factors may not contain all of the factors that are important to you. We cannot assure you that we will realize the results or developments we expect or anticipate or, even if substantially realized, that they will result in the consequences or affect us or our operations in the way we expect. The forward-looking statements that we make in this Form 10-Q are based on management's current views and assumptions regarding future events and speak only as of their dates. We disclaim any obligation to update developments of these risk factors or to announce publicly any revisions to any of the forward-looking statements that we make, or to make corrections to reflect future events or developments, except as required by law.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS
